We understand the problems of our families living in the west in finding matches for their sons and daughters. Whereas the traditional method has always been to find a spouse via contacts through family members, relatives, friends and the people they know, there is a growing trend these days among the youth as well as their parents to make the important choice of a life partner through wider network of the internet.

And one of His signs is that He created mates for you from among yourselves that you may find rest in them and He put between you love and compassion, most surely there are signs in this for a people who reflect.

Holy Quran 30:21

O Mankind, be careful of your duty to your Lord, Who created you from a single soul and their mate and from them has spread abroad a multitude of men and women.

Holy Quran 4:1
